In the Matter of:

THE NOTICE OF PURCHASED GAS)
ADJUSTMENT FILING OF COLUMBIA) CASE NO. 9003-G
GAS OF KENTUCKY, INC.)

O R D E R

On October 18, 1984, the Commission issued its Order in Case No. 9003 approving certain adjustments in rates and providing under certain conditions for the further adjustment of such rates when the wholesale cost of gas is increased or decreased or a refund is received.

On February 7, 1986, Columbia Gas of Kentucky, Inc., ("Columbia") filed its revised semi-annual gas cost adjustment which is to become effective March 1, 1986.

After reviewing the record in this case and being advised, the Commission is of the opinion and finds that:

1. Columbia's notice of February 7, 1986, set out certain revisions in rates which Columbia proposed to place into effect, said rates being designed to pass on the wholesale decrease in price from its supplier in the amount of 13.6 cents per Mcf.

2. Columbia Gas Transmission Corporation has filed revised rates with the Federal Energy Regulatory Commission to be effective March 1, 1986.

3. Columbia's notice set out a total refund adjustment of 7.8 cents per Mcf. This adjustment is from the previous semi-annual supplier refund adjustment.

4. Columbia's proposed gas cost recovery rate is a decrease of 14.7 cents per Mcf. This decrease represents the combined effect of the supplier decrease and refund adjustments.

5. Within the calculation of its Expected Gas Cost, Columbia deviated from its past practice by annualizing the effect of sources of gas from other suppliers which will occur through August 1, 1986. The result is an immediate benefit of reduced gas costs to Columbia's customers.

6. Columbia's adjustment in rates under the purchased gas adjustment provisions approved by the Commission in its Order in Case No. 9003, dated October 18, 1984, is fair, just and reasonable and in the public interest and should be effective with gas supplied on and after March 1, 1986.

7. Columbia should submit copies of each gas purchase contract and all other agreements, options or similar such documents, and all amendments and modifications thereof related to the procurement of gas supply. Any changes in the documents, including price escalations or any new agreements entered into after the initial submission, should be submitted at the time they are entered into. Where gas is purchased from utility-owned or controlled sources, or the contract contains a price escalation clause, those facts should be noted and Columbia should explain and justify them in writing.

IT IS THEREFORE ORDERED that:

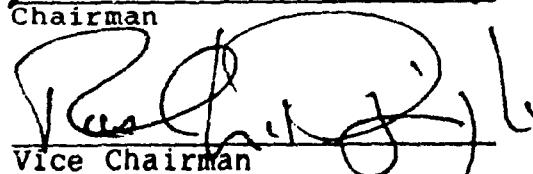

1. The rates in the Appendix to this Order be and they hereby are authorized effective with gas supplied on and after March 1, 1986.

2. Within 30 days of the date of this Order Columbia shall file with this Commission its revised tariffs setting out the rates authorized herein.

3. Within 20 days of the date of this Order Columbia shall supply the contract information requested herein and comply with all provisions of that request.

Done at Frankfort, Kentucky, this 26th day of February, 1986.
